## WERE SURPRISED.

Thinking Japs Had Left Feng Wang Cheng 15,000 Russians Marched Toward It.

## BATTLE FOUGHT IN TATUNG PASS.

Russian Casualties Were Over 4,000, and More Than a Thousand of the Czar's Men Surrendered.

It Is Reported Unofficially That the Japanese Have Captured Kin Chou and Are Making An Attack on Dalny.

London, May 27.—The Shan Hal correspondent of the Daily Chronicle sends a report received from New Chwang that on May 23, thinking that the Japanese had retired from Feng Wang Cheng, 15,000 Russians from Hai Cheng and Liao Yang marched towards Feng Wang Cheng. They were surprised by 30,000 Japanese in the Tatung pass. The Russian casualties were over 4,000 and over a thousand Russians surrendered. The report does not state the Japanese losses.

The Tokio correspondent of the Daily Express says it is reported unofficially that the Japanese have captured Kin Chou and are now attacking Dalny.

The New Chwang correspondent of the Mail, in a dispatch dated May 23, says that coincident with the Japanese advance in the direction of Liao Yang there has been a concentration of all the available Russian troops between Liao Yang and Mao Tien pass and that the fortifications of Liao Yang are being feverishly hurried.

St. Petersburg, May 27.—The following dispatch from Viceroy Alexieff, dated May 26, has been received by the emperor:

"Reports from Rr. Adams, Wittsoft and Grigovitch to-day state that the enemy bombarded from In-Gen-Tsi bay (on the west coast of the Kwang-Tung peninsula, about 13 miles north of Port Arthur), with gunboats (the viceroy's dispatch does not give the date of the bombardment).

"On the following night the Japanese attempted to block the roadstead of Port Arthur with mines and from shore observations it is believed that some steam launches and two torpedo boats were sunk.

"Between May 18 and May 21 the Russians cleared 11 of the enemy's mines from the roadstead.

"The boats of the merchant steamer Amur with a dredger and a steam launch have been brought to Port Arthur from Dalny."

St. Petersburg, May 27.—The general staff was not in a position Thursday night to confirm or deny the Tokio report that the Japanese have occupied Kin Chou. The latest official information regarding fighting in that vicinity was conveyed in Lt. Gen. Sakhoff's telegram which said that the Japanese had lost 700 men on May 18. This agrees with information contained in the dispatches of May 25. Gen. Sakhoff apparently accepting the report from the same Chinese sources.

It would be a great surprise to the authorities here if the report of the capture of Kin Chou should prove to be true. The impression heretofore entertained is that Kin Chou would prove a hard nut for the Japanese to crack and that its reduction would need a siege train and call for careful approaches which would occupy the enemy for a long time.

The opinion of the best authorities is that if the Japanese rushed on Kin Chou by a frontal attack unsupported by heavy guns, which it is not believed they possess, the capture of the place must have been effected at a tremendous loss to the attackers.

Che Foo, May 27.—It is learned from a reliable source that the Japanese took Kin Chou Thursday and are now pursuing the enemy.

Bowling Green, Ky., May 27.—A message from Morgantown states that Vernon Fleener, the wife murderer, confined in jail at that place, committed suicide by hanging himself in his cell early Thursday. A small cord, four feet long, which he had procured from his cot, and a handkerchief were used. Fleener was under death sentence, but his execution had been deferred, awaiting the action of the court of appeals. He was convicted of the brutal murder of his wife last October. He used a large pocket knife, and, after almost cutting her heart out, cut her body in strips.

## WOUND WAS FATAL

Son of an American Dentist Shot Himself Under Mysterious Circumstances in Paris.

## INCOME CUT OFF BY HIS FATHER.

The Young Man Had Become Enamored of Mme. Pflecker, a Peruvian, Against Elder's Protest.

The Suicide Is a Relative of the Famous Dr. Thomas Evans Who Assisted Empress Eugenie in Her Flight From Paris.

Paris, May 27.—Ivon Evans, known as Viscount d'Oyley, and a son of the American dentist, Dr. John Evans, died Thursday at a private sanitarium as the result of a bullet wound received under mysterious circumstances. The family is prominent here, Dr. John Evans being a nephew of the famous Dr. Thomas Evans, who assisted Empress Eugenie in her flight from Paris after the Franco-Prussian war. Dr. John Evans, who came from Baltimore, received the title of the Marquis d'Oyley from the pope, his older son assuming the title of Count d'Oyley and the younger that of Viscount d'Oyley, by which titles they were generally known.

The younger son, who was 24 years old, recently became enamored of Mme. Pflecker, a Peruvian, who was sojourning at Vichy. Despite the protests of his family the viscount and the Peruvian visited the Riviera together, remaining at Cannes for some time. Dr. Evans energetically protested against his son's course, and finally cut off his income. This brought the couple back to Paris, where they arrived a week ago, going to the Hotel de Rivoli.

At 5 o'clock on Monday evening last, a shot was heard from the chamber of the viscount and when the proprietor of the hotel reached the chamber he found the viscount on a bed with a wound in his left breast. Mme. Pflecker, who was in the room, said that the viscount had shot himself and although weak from loss of blood, the wounded man seemed to confirm this statement, saying that the shooting took place while he was handling a weapon.

He was taken to a private sanitarium where an operation was performed. Mme. Pflecker remained constantly at his bedside. Viscount d'Oyley became unconscious and lingered until Thursday morning, when he died, after which the police began an investigation which brought out the foregoing facts.

Mme. Pflecker was interrogated by the police and later was given provisional liberty, but was told to hold herself at the disposal of the authorities. She bears out the theory of suicide by showing two letters which Viscount d'Oyley had addressed to the authorities, stating that it was his intention to commit suicide owing to family difficulties.

The body was conveyed to the morgue for a post-mortem examination.

Washington, May 27.—Cousins in this city of the Evans in Paris said Thursday night that they believed the name of the dead man was Allister Evans instead of Ivon Evans. He was, they said, about 22 years old. Apparently they had heard of his infatuation for some woman, said to be a Peruvian, but did not care to discuss the unfortunate affair.

Louisville, Ky., May 27.—The towboat Fred Wilson was torn to flinders, ten men were blown to bits and 16 others injured by a tremendous explosion of the boat's boilers at 3:30 o'clock Thursday morning. Of the 33 persons aboard the boat only seven escaped unharmed. Of the injured one will probably die. The force of the explosion was so great that it shattered windows and awakened the occupants of houses in Louisville four miles from the scene.

Price, Braddock, Pa.; William Quinn, steward, Pittsburgh; Hugh Hoskins, cook, Pittsburgh; J. C. All the injured except Letzicouch will recover.

Only three bodies have thus far been recovered, those of Sherman Shubler, Patrick White and J. C. Johnson, who died in a hospital. The bodies of the other seven victims are thought to be pinned under the wreckage and may not be recovered for several days. Three deckhands reported as missing and thought to have swelled the number of dead to 13 were afterwards found in local hospitals.

The Fred Wilson was the property of the Monongahela River Consolidated Coal and Coke Co. and at the time the accident occurred was arranging her tow near River View park, about 60 feet from shore.

### Call For Democratic Mass Convention.

Pursuant to the call of the Democratic State Central Committee, the Democrats of Mason County are notified to meet in mass convention at the court house, Maysville, 2 o'clock p.m., Saturday, June 4th, 1904, to select delegates to the State convention in Louisville Wednesday, June 8th, 1904, which latter convention will choose delegates to the National convention.

J. R. ROBERTSON,  
Chairman Mason County Executive Committee.

In the race for State Auditor a year ago, Congressman Kehoe did all he could for the Ninth district man, S. W. Hager. There is not much gratitude in the Boyd County politician's make-up, however, as he is now lined up with the Beckham crowd against Mr. Kehoe for Chairman of the Democratic State Central Committee. It is said Mr. Hager is looking forward to the next race for Governor. If he enters that fight, the Ninth district will probably remember him with a vengeance.

### MAYSVILLE'S OPPORTUNITY.

The business men and real estate owners of Maysville should in every way possible aid in securing the big plant the Continental Tobacco Company contemplates erecting here. It will mean the beginning of a new era for our city, from a commercial and industrial standpoint. The size of the plant may be judged from the fact that the company has to go to the Sixth ward to find a lot large enough for the proposed building and from the fact that the buildings alone will cost about \$40,000. The site now under consideration is the large lot between Second and Third, near the old Cooper brick yard. The company very wisely wants to interest local capital in the enterprise, and it seems that people desiring a safe and profitable investment should jump at this opportunity. At any rate every thing possible should be done to secure this immense plant.

### River News.

There is another rise at Pittsburg and more coal will be shipped.

Our dispatches tell of the terrible disaster to the Fred Wilson No. 2.

The new Mexican steamer Hidalgo passed down Thursday at 4 o'clock.

Queen City down this evening and Bonanza to-night. Up for Pomeroy, Tacoma.

The U.S. Snagboat Woodruff tied up at Aberdeen last evening and spent the night here.

The Sprague has delivered her tow of fifty-six pieces in the New Orleans harbor. The tow was by far the biggest ever taken down the Ohio or Mississippi river by one boat. It covered an area of six acres and consisted of 1,500,000 bushels of coal. The trip was made from Louisville to New Orleans, a distance of 1,400 miles, in about twelve days.

Mr. John Tarlton of the county is reported quite feeble.

Keenan Stout, who hired a rig from Sam Pollitt on the pretense that he wanted to drive to Black Oak and back, but who made trips to two other points in the county found himself in serious trouble under the new livery law. Stout found that the lowest penalty for the offense was a fine of \$25 with a ten days jail sentence and he was glad to compromise with Mr. Pollitt by the payment of \$5.

### AUDITOR'S AGENT WINS.

Opinion of Appellate Court in the Case Brought Here to Have Franchise of Adams Express Company Assessed.

Mention has been made of the decision of the Court of Appeals in above case. As the decision is an important one, and affects other suits brought by the local Auditor's Agent, it is given below. On the resignation of Mr. Watson as Auditor's Agent, the suit was revived by the new Auditor's Agent, Mr. O'Donnell, with the result as given:

This proceeding was instituted in the month of August 1902 in Mason County Court by F. S. Watson, then Auditor's Agent. It was in substance alleged in the statement and amended statements filed that appellee Adams Express Co. had continuously since the year 1895 operated and done express business within the State of Kentucky and exercised its franchise therefrom; that appellee was a quasi public corporation, a common carrier for hire, and required by § 407 of Kentucky Statutes to report and pay taxes on its franchise; that appellee's franchise in question, exercised by it during the years mentioned, extended throughout the States of Ohio, New

York and many other States of the union besides the State of Kentucky; that the property sought to be assessed but a fragment of the entire franchise owned and exercised by appellee in the United States. That appellee had, since the year 1895, continuously done business and exercised its franchise in Mason County, Ky., and in many other counties in the State and the value of its franchise during each of the years named was \$1,163,010 and in Mason County \$35,000.

It was also alleged that the appellee had failed and refused to report and list its franchise and pay any taxes thereon from the year 1895 up to and including the year 1902.

The County Court and Circuit Court, on an appeal, sustained a demurrer to the statement and decided, in effect, that the franchise of appellee was not liable to be assessed for taxation by any court, but could only be assessed and made liable for the payment of taxes by the action of the State Board of Valuation and Assessment which board is composed of the Auditor, Treasurer and Secretary of State. Section 407 of the Kentucky Statutes provides in positive terms that an express company is liable to pay annually a tax on its franchise to the State and a local tax thereon to the county, incorporated city, town and taxing district where its franchise may be exercised. In § 407, 4080, 4081 and 4090 is provided the way and manner in which the Board of Valuation and Assessment may determine the value of the franchise of corporations and the duty of the Auditor in apportioning and certifying same to the County Clerks of counties in and through which the company exercises its franchise. It is contended by appellee that these statutes referred to provide the only method under and by which the franchises of corporations can be assessed or valued and that the County Court has not the power to fix a value on them for taxation.

We can not agree with appellee in this. It is true, however, that this was the method provided by the legislature for the valuation and assessment of franchise, but the legislature, anticipating that the corporations might not make a report of the extent and value of their property to the Board of Valuation and Assessment as contemplated by that body, and also that the Board of Valuation and Assessment might be derelict in its duty with reference thereto, enacted § 4211 and 4269. We quote so much of these sections as are applicable to the point involved.

By § 4269 it is provided: "It shall be the duty of the revenue agent to cause to be listed for taxes, in the manner required by law, of the property in the county for which he may have been appointed which may have been omitted to be assessed by the Assessor, Board of Supervisors, Board of Valuation and Assessment or Railroad Commission, or any licensee tax which may due to the Commonwealth. It shall be the duty of the revenue agents for the State at large to cause to be listed for taxes in the manner required by law of any property in any county, city or town of the Commonwealth which may have been omitted to be assessed by the Assessor, Board of Supervisors, Board of Valuation and Assessment or Railroad Commission, and it shall be the duty to enter proper motions and proceedings in any court of competent jurisdiction or before the State Board of Valuation and Assessment or Railroad Commission or other competent assessing authority, and cause the assessment to be made of any omitted property."

This section makes it the duty of the revenue agent to see to it that omitted property be valued and listed for taxation and authorized him to invoke the aid of any court of competent jurisdiction for that purpose.

We quote so much of § 4211 as will help to elucidate the question before us: "It shall be the duty of the Sheriff or Auditor (the revenue agent) to cause to be listed for taxation all property omitted, or any portion of property omitted by the Assessor, Board of Supervisors, Board of Valuation and Assessment or Railroad Commission, for any year or years. The officer proposing to have such property assessed shall file in the clerk's office of the county in which the property may be liable to assessment a statement containing a description and value of the property proposed to be assessed, and the value of corporate franchise, if any, and the name and place of residence of the owner, his agent or attorney, or person in possession of the property, and the year or years for which the property is proposed to be assessed." Upon which a summons against the owner may be issued to show cause why such property or corporate franchise shall not be assessed at the value named in the statement filed. This section also authorizes a trial of the question as to whether or not the property is liable to assessment, the Clerk of the County Court shall certify to the Auditor of Public Accounts a description of the property and the amount of the assessment for taxation together with the amount of the penalty and cost of the assessment. This section expressly provides that the County Court shall have the power to hear and determine and fix the value of corporate franchises when the Board of Valuation and Assessment has failed to perform this duty. It is admitted in this proceeding that the franchise of appellee was not reported for assessment to the Board of Valuation and Assessment and that the board had failed to assess it and it was also admitted by the demurrer that the appellee had not paid any tax in this State on its franchise during any of the years named in the statement. It is evident that the General Assembly exacted these two provisions to meet just such a case as this one.

Appellee contends that this construction of the statute is erroneous and gives as a reason that if the construction be correct, it might be sued in every county in the State through which it operates its franchise. That the General Assembly did not intend or have thought of any such result. It was not the intention of the Legislature in enacting these statutes to authorize the county court in every county in the State to take jurisdiction and list and fix the value of a corporate franchise but only intended that the County Court in a county through which a corporation exercised its franchise should take jurisdiction and hear and determine this question and the action of that court in any one county would settle and determine the valuation and assessment of that particular franchise. The County Court first assuming would have jurisdiction and an action in that court would be a bar to any action in any other County Court in the State, as to that particular franchise for the years named in the statement filed.

This construction of the statutes obviates the appellee's fears of fragmentary taxation as the Clerk of the Court having jurisdiction of the case is required to certify the value of the franchise, as fixed by the court, to the Auditor of the State, he being Chairman of the Board of Valuation and Assessment, and this board will apportion this assessment among the different counties in the State through which the franchise is operated.

For these reasons the judgment of the lower court is reversed and the cause remanded for further proceedings consistent therewith.

Whole court sitting. Allen D. Cole for appellant. W. H. Wadsworth for appellee.

J. J. Wood & Son Want Every Cataract Sufferer to Use Hyomei and Be Cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from cataract in some form.

While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei and its introduction in this section by J. J. Wood, every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from cataract. This wonderful remedy is the simplest and most pleasant of treatments. Put 20 drops of Hyomei in the pocket inhaler that comes with every outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote air cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health restored.

J. J. Wood & Son say to all cataract sufferers, "Let us help you to health, we are confident Hyomei will cure, so confident, in fact, that we guarantee to refund your money if it fails. A complete outfit costs but \$1, and if it does not help you, your money will be returned promptly."

### A CHARMING AFFAIR

Was the Reception Given by Mr. and Mrs. Thomas A. Keith Last Evening in Honor of Miss Witt.

Mr. and Mrs. Thomas Arbuthnot Keith entertained with a reception last evening in honor of Miss Witt, the guest of Mr. and Mrs. William N. Stockton. It was the happiest kind of an affair in every way.

A gay company of men and women filled pleasantly the rooms from 8 to 10 o'clock, the reception hours, while a number of the younger ladies and gentlemen stayed longer for dancing.

The home was roseate with flowers and lights, a fragrant centerpiece in La France roses in the dining room, topped with candles, rose shaded, was effective. This artistic decoration was in evidence throughout the rooms, and further displayed in the service of the ices. A harpist and a violinist filled the air with floating melodies. Nothing was lacking to make it an event of unusual charm and gaiety.

Mr. and Mrs. Stockton and Miss Robb assisted Mr. and Mrs. Keith in receiving, and Mrs. James Fitzgerald, Miss Power and Mrs. Ed Browning assisted in the dining room.

There is a strong tie of confidence between this store and its patrons, one than can only exist as the result of years of acquaintance. Season after season we endeavor to do better than in the years before. Our efforts are appreciated.

### PITHY POINTS.

Taylor at Indiana may begin to think by this time that he isn't as innocent as he thought he was.

W. S. Taylor has doubtless found out by this time that he cannot fool all the people all the time.

Those Indiana grand army men know from experience that soldiers are not made out of fugitives.

The man who preaches the sanctity of the Sabbath should be cautious about purchasing supplies on that holy day.

The Indiana soldiers were not the kind to shoot any one in the back, hence their distrust and contempt for Fugitive Taylor and his methods.
